Discussion Items

Standing Agenda Items	Discussion	Actions
Family Night	Sept 20th, 2018 5:30-7pm. All social media outlets will be updated. One call will be in place for the 19th. We've asked teachers to use their white boards to reach more students. FREE nacho bar is being offered as a dinner option.	Lupo will email Staff, FREE Nachos
Communication	<p>PBIS stands for positive behavior intervention systems. We have started using this strategy called Tiger Rock Tickets (respect, organizable, cooperative and kind). Still coming up with an incentive for their purpose. Our hope is to teach all students these expectations in a more positive way.</p> <p>High School will be receiving 6 wk progress reports.</p> <p>Autumn Ellis had said the best way to reach the students is though Instagram. More school information will be posted on this social media site.</p>	
Stadium Rename	<p>Kyle Hamlin - Wants to rename the stadium Jack Wilkinson Stadium.</p> <p>Proposal - Jack Wilkinson Stadium at Voris Field.</p> <p>Jack Wilkinson coached at Taft High School for 28 years. He was a positive role model and community leader. This is not a proposal to change the name of the field, it would be a name for the stadium at the field. Kyle is seeking a letter of recommendation from the Site Council and/or the Boosters per the boards request. A possible commencement ceremony is asked to be held during the homecoming football game if decisions are made in time.</p> <p>*Shannon will do research about Voris Field and Jack Wilkinsons coaching history.</p> <p>*How will the public react to the request are our concerns.</p>	
Community Concerns	Parents need to be offered more information about AVID and the positive attributes of the program.	
College and Career Opportunities	Mandy Wiess gave information regarding the AVID field trip for the 8 graders. This will be a college visit and basketball game. Another trip will be scheduled for 7th grade at a later date.	

High School	No business	
Middle School	<p>Matt Hilgers & Brian Freschi updated us on how the new binder/planner systems are working with their students. Matt Hilgers informed us that 98% of his students have brought them to class. Brian Freschi said the middle school teachers are fully on board with the new system and are working on teaching their student how to properly use them.</p> <p>Middle School will now be receiving 6 week progress reports. The goal for progress reports is to teach and motivate our students. The progress reports will come with grades and GPA points. This will further help their transition to HS.</p>	

NEXT Meeting: October 11th, 2018

Standing Agenda Items: Middle School Report, HS Report, Communication, Community Concerns

Old Business	<p>Proposal from Kyle Hamlin regarding the stadium renaming.</p> <p>AVID information for parents/guardians.</p> <p>Family night.</p>	
New Business	<p>Conferences</p> <p>Homecoming football game 10/26/18</p> <p>Homecoming dance 10/27/18</p>
